

Brains, speed and teamwork...

The ultimate time based challenge

For indoors or out, our Head 2 Head Team Challenge is the perfect Team Building Event for smaller groups that will test the team's skills with a selection of mental and physical tasks.

The teams must hold their nerve as they compete directly with each other to achieve each task in the quickest time. The tasks encourage teams to work together to achieve a common goal and is the ideal choice if you want more emphasis on communication and working as a team.

The team with the most points will be declared the winners and prizes awarded accordingly. This event is fully managed by our event staff and can be run pretty much anywhere.

Activities include:

Race 2 the Safe - Decipher the codes in the quickest time to unlock the safe!

Snake Swamp - Cross the deadly snake swamp without touching the ground!

Diffuse the Bomb - Work together to make the bomb safe and save the day!

Mind Burst - Find the numbers in numerical order in the time allowed!

Frogs & Toads - A deceptively tricky puzzle that needs the team's full attention!
